

# OpenShift Learning Path

supporting Cloud Infrastructure and Data Center Infrastructure Specialization

## Find your path. Start your journey.

### Red Hat Partner Enablement Learning Paths

Red Hat seeks to empower registered Ready, Advanced and Premier partners, in order to build the skills and knowledge that can generate more product and service-based sales whilst enhancing customer satisfaction. The Red Hat Partner Enablement Learning Paths provide a role-specific combination of recommended online and in-person training and workshops. The Learning Paths cover a combination of different Red Hat technology, architecture and delivery knowledge that our partners need to work successfully with the Red Hat technology stack. Please see below our recommended order of online and in-person trainings and workshops:

Role	Sales	Sales Engineer	Delivery
	<b>Red Hat Foundations</b> (90 min + assessment) > <a href="#">Enrol now!</a>	<b>Red Hat Foundations</b> (90 min + assessment) > <a href="#">Enrol now!</a>	<b>Red Hat Foundations</b> (90 min + assessment) > <a href="#">Enrol now!</a>
	<b>How to sell Ansible Tower by Red Hat</b> (30 min + assessment) > <a href="#">Enrol now!</a>	<b>How to sell Ansible Tower by Red Hat</b> (30 min + assessment) > <a href="#">Enrol now!</a>	<b>How to sell Ansible Tower by Red Hat</b> (30 min + assessment) > <a href="#">Enrol now!</a>
	<b>How to sell Red Hat OpenShift for Infrastructure</b> (30 min + assessment) > <a href="#">Enrol now!</a>	<b>How to sell Red Hat OpenShift for Infrastructure</b> (30 min + assessment) > <a href="#">Enrol now!</a>	<b>How to sell Red Hat OpenShift for Infrastructure</b> (30 min + assessment) > <a href="#">Enrol now!</a>
	<b>How to sell Red Hat OpenShift for Developers</b> (30 min + assessment) > <a href="#">Enrol now!</a>	<b>How to sell Red Hat OpenShift for Developers</b> (30 min + assessment) > <a href="#">Enrol now!</a>	<b>How to sell Red Hat OpenShift for Developers</b> (30 min + assessment) > <a href="#">Enrol now!</a>
		<b>OpenShift Infrastructure Architecture Workshop</b> ILT > <a href="#">Enrol now!</a>	<b>OpenShift Infrastructure Architecture Workshop</b> ILT > <a href="#">Enrol now!</a>
		<b>Red Hat OpenShift Container Platform 4 Installation</b> (4 hours) > <a href="#">Enrol now!</a>	<b>Red Hat OpenShift Container Platform 4 Installation</b> (4 hours) > <a href="#">Enrol now!</a>
		<b>Red Hat OpenShift Container Platform Operations</b> (12 hours) > <a href="#">Enrol now!</a>	<b>Red Hat OpenShift Container Platform Operations</b> (12 hours) > <a href="#">Enrol now!</a>
		<b>Red Hat OpenShift Storage Implementation</b> (6 hours) > <a href="#">Enrol now!</a>	<b>Red Hat OpenShift Storage Implementation</b> (6 hours) > <a href="#">Enrol now!</a>
		<b>Red Hat OpenShift Troubleshooting: Builds and Deployments</b> (1 hour) > <a href="#">Enrol now!</a>	<b>Red Hat OpenShift Troubleshooting: Builds and Deployments</b> (1 hour) > <a href="#">Enrol now!</a>
		<b>Red Hat OpenShift Troubleshooting: ETCD database</b> (1 hour) > <a href="#">Enrol now!</a>	<b>Red Hat OpenShift Troubleshooting: ETCD database</b> (1 hour) > <a href="#">Enrol now!</a>
		<b>Red Hat OpenShift Troubleshooting: Logging Issues</b> (1 hour) > <a href="#">Enrol now!</a>	<b>Red Hat OpenShift Troubleshooting: Logging Issues</b> (1 hour) > <a href="#">Enrol now!</a>
