

How-to-register instructions for EMEA partners

Deep Dive Technical Training > Learning Path

Each Deep Dive Technical Training offered by Red Hat is part of a Learning Path within Red Hat Partner Connect. This Learning Path contains all prerequisites that are mandatory to participate in the Deep Dive. Please follow the steps below to enroll in the Learning Path and finally manually register for the desired Deep Dive Technical Training.

If you do have questions in regards to this please contact the [EMEA Partner Team](#).

Step 1 - Complete onboarding in OPEN

If you haven't already you will need to onboard (create your RHN ID login for the Partner Portal). Onboarding instructions can be found using the following link: [How To Guide: Join Company and Portal Access](#)

If your profile is expired you will need to email the OPEN Helpdesk at emea-partner-team@redhat.com to have your login reactivated.

Step 2 - Self enrollment into Learning Path (to access prerequisites)

- Please use the link of your desired Deep Dive Technical Training at the redhat-partner.com training section.
- This link will lead you directly to the Learning Path within OPEN that contains the Deep Dive Technical Training.
- Right under the title of the Learning Path click the **"Enroll"**-button.

If you are unable to log in, enroll into the Learning Path or access the prerequisites:

- Please ensure you have completed Step 1.
 - If you still cannot enroll into the Learning path or access prerequisites please email the [EMEA Partner Team](#).
-

Step 3 - Complete all prerequisites

After enrollment, complete the Foundational and Experienced Level courses (prerequisites) associated with the selected learning path. **While you can see the upcoming sessions and seats remaining you will be unable to self register for a workshop until you have completed ALL prerequisites.**

If you encounter any errors or technical issues with completing the prerequisites [please submit a helpdesk ticket](#).

Red Hat
EMEA Partner Program
and Enablement Team

***** UPON COMPLETING ALL PREREQUISITES IN THE SELECTED LEARNING PATH *****

Step 4 - Self registration for a specific workshop

Upon completing the prerequisites in the selected Learning Path you are eligible to register for the Deep Dive Technical Training:

- The registration process for the Deep Dive can be started within the **“Advanced Level (Instructor Led)”**-section of the Learning Path.
- Click on the Deep Dive / instructor-led workshop and you will see all available sessions. Click **“Enroll / Register”** for the session you would like to attend.

***** NOTE: Other methods of requesting registration WILL NOT be monitored or accepted. *****

Partners will be accepted into the Deep Dive / instructor-led workshop **FIRST COME FIRST SERVE** – based on when they fully complete the required prerequisites up until the seating capacity has been met OR until class rosters are finalized.
